

On behalf of Prevent Child Abuse Oregon, the Washington State Department of Early Learning and Prevent Child Abuse Washington have graciously agreed to receive and fill pinwheel orders for Oregon partners for 2017.

As you may know, each April, people across the country join together during **National Child Abuse Prevention Month** to help raise awareness and promote ways in which together we can strengthen families in our communities.

The pinwheel represents our efforts to change the way the state thinks about prevention, by focusing on programs and public policies that prioritize prevention right from the start. Strengthening Families Washington is the state chapter of Prevent Child Abuse America, the nation's leading organization working solely to prevent the abuse and neglect of our nation's children. For more information, please visit: [Prevent Child Abuse America](#).
